CHAPTER 209**

209.319. State committee of interpreters to be established in division of professional registration, appointment, qualifications, terms, compensation--vacancies--quorum--meetings.

1. There is hereby established in the division of professional registration the "Missouri State Committee of Interpreters", which shall consist of seven members, including two public members. At least one of the public members shall be deaf. The committee members shall be appointed by the governor with the advice and consent of the senate. Each member of the committee shall be a citizen of the United States and a resident of this state and, except as provided in subsections 2 and 3 of this section, shall be licensed as an interpreter by this state.
2. The initial interpreter appointments made to the committee shall be made from interpreters who have voluntarily registered with the Missouri commission for the deaf and hard of hearing. In making the initial appointments to the committee, the governor shall stagger the terms of the appointees so that two members serve initial terms of two years, two members serve initial terms of three years, two members serve initial terms of four years and one member serves an initial term of one year.
3. At the time of appointment the public members shall be United States citizens, Missouri residents for a period of one year, registered voters, persons who are not and never were members of any profession licensed or regulated pursuant to sections 209.285 to 209.339, persons who do not have and never have had a material financial interest in providing interpreting services or persons who do not have and never have had a financial interest in an activity or organization directly related to interpreting.
4. Members shall be appointed to serve four-year terms. No person shall be eligible for reappointment who has served as a member of the committee for eight or more years. The membership of the committee shall reflect the differences in levels of certification, work experience and education. Not more than two interpreter educators shall be members of the committee at the same time.
5. A vacancy in the office of a member shall be filled by appointment by the governor for the remainder of the unexpired term. The governor may remove a committee member for misconduct, inefficiency, incompetence or neglect of his or her official duties after giving the committee member written notice of the charges against the committee member and an opportunity to be heard.
6. Each member of the committee shall receive as compensation an amount set by the committee not to exceed fifty dollars for each day devoted to the affairs of the committee and shall be reimbursed for necessary and actual expenses incurred in the performance of his or her official duties.
7. The committee shall hold an annual meeting at which it shall elect from its membership a chairperson and a secretary. The committee may hold such additional meetings as may be required in the performance of its duties. A quorum of the committee shall consist of four of its members.
8. The staff for the committee shall be provided by the director of the division of professional registration.
9. The committee may sue and be sued in its official name and shall have a seal which shall be affixed to all certified copies of records and papers on file and to such other instruments as the committee may direct. All courts shall take judicial notice of such seal. Copies of records and proceedings of the committee and of all papers on file with the division on behalf of the committee certified under the seal shall be received as evidence in all courts of record.

(3) A provisional certificate issued under paragraph (a) of subdivision (1) of this subsection shall be valid for a term of three years and shall be renewed by the board, upon request by the certificate holder, for one additional term of three years if the certificate holder is reevaluated during the first term of issuance and achieves a higher level of certification in the Missouri interpreter certification system.

(4) A provisional certificate issued under paragraph (b) of subdivision (1) of this subsection shall be valid for one year and shall be renewed, upon request by the certificate holder, pursuant to subdivision (3) of this subsection if the certificate holder is reevaluated during the term of issuance and achieves a certification in the Missouri interpreter certification system. PURPOSE: This rule provides the ethical principles governing the practice of interpreting.

(1) The Ethical Rules of Conduct for Interpreters (hereinafter ethical rules) shall apply to a licensed interpreter, temporary licensed interpreter, applicant for licensure and applicant for temporary licensure (hereinafter referred to as interpreter or interpreters). A violation of these ethical rules constitutes unprofessional conduct and is sufficient reason for disciplinary action.

(2) An interpreter must maintain a current certification. For the purposes of this rule, certification is defined as National Registry of Interpreters for the Deaf (NRID) certificates, which include Comprehensive Skills Certificate (CSC), Certificates of Interpreting/Certificate of Transliteration (CI/CT) and Certified Deaf Interpreter (CDI); National Association of the Deaf (NAD) certificate levels 3, 4, and 5; and Missouri Interpreter Certification System.

(3) An interpreter shall not interpret in a setting beyond his or her certification level, as provided for in 5 CSR 100-200.170.

(A) This rule does not apply to a licensed, certified interpreter acting in a mentee role as outlined in 20 CSR 2232-3.030.

(4) A person is not considered to be interpreting pursuant to sections 209.319 to 209.339, RSMo if, in a casual setting, a person is acting as an interpreter gratuitously or is engaged in interpreting incidental to traveling.

(A) A casual setting is defined as any event in which the sole purpose of communication is social or family interaction and at which no decisions are made

with long-term effects of a legal, financial, or medical nature.

(5) For the purpose of these rules, a consumer shall be defined as any person, persons, or entity receiving interpreting services.

(6) An interpreter shall not accept or continue an assignment if the interpreter does not possess the ability, education, training, experience, and qualifications as defined in 20 CSR 2232-3.010(2).

(7) An interpreter shall convey the content and affect of the source message transmitted, in a culturally and linguistically accurate manner, using the language or communication system most readily understood by the consumer.

(A) For the purpose of these rules, message shall mean the auditory or visual information that is to be interpreted into another language or communication system.

(8) An interpreter shall not misrepresent her/his licensure, ability, education, training, educational credentials, or certification as defined in 20 CSR 2232-3.010(2).

(9) The interpreter shall not interject personal opinion during an assignment or on matters pertaining to the assignment.

(10) The interpreter shall safeguard any information obtained relating to an assignment. If an interpreting assignment is an event open to the public, the interpreter may disclose information regarding the location of the assignment and general nature of the event.

(11) When an assignment is not an event open to the public, an interpreter shall not disclose information relating to the assignment to include location, nature of the assignment, or individuals present during the assignment without the written consent of the consumer.

(A) For the purpose of this rule, an interpreter may disclose the general location of an assignment for the purpose of contacting the interpreter, in the event of an emergency. However, the interpreter shall remain responsible for any unauthorized disclosure of information relating to an interpreting assignment.

(B) An interpreter may reveal such information as reasonably necessary to establish a claim or defense in a legal proceeding.

(12) The interpreter shall not accept or continue an assignment when the objectivity or competency of the interpreter is or can reasonably be expected to be impaired because of an emotional, mental,

psychological, or substance abuse disorder.

(13) The interpreter shall not accept or continue an assignment if the interpreter's inability to remain neutral affects the interpretation.

(14) The interpreter shall not accept or continue an interpreting assignment when the objectivity or competency of the interpreter is impaired because of the interpreter's familial, sexual, and/or emotional relationship with the consumer or consumer's family.

(15) If the interpreter discovers a need to withdraw from an assignment, the interpreter shall advise the consumer.

(16) An interpreter shall not delegate an assignment to a person who is not qualified or does not possess the appropriate certification, as defined in rule 20 CSR 2232-3.010(2), for the service to be provided.

(17) An interpreter shall not engage in an exploitative relationship with a consumer. For the purposes of these ethical rules of conduct, an exploitative relationship is any relationship between the interpreter and consumer that may take advantage of, or cause harm to, the consumer. Examples of exploitative relationships include, but are not limited to:

(A) Extending or lengthening an assignment for the purpose of financial gain.

(B) Requesting a consumer reset an appointment so that the interpreter can attend another appointment, for the purpose of financial gain.

(D) Suggesting to a consumer that another interpreter is not qualified or able to interpret for a particular consumer, deaf person, or in a particular setting, unless the suggestion is based on fact.

(18) An interpreter shall maintain an appearance that does not interfere with the message as defined in 20 CSR 2232-3.010(7)(A).

(19) An interpreter must respond in writing, within thirty (30) days from the date of a written request or inquiry from the committee, mailed to the interpreter's address currently registered with the committee.

(A) A request for an extension of time to respond to the committee's written request or inquiry shall include a good faith explanation of the need for additional time and an estimate of when the response can be expected. Requests shall be granted at the committee's discretion.

(B) If an interpreter cannot disclose relevant information in response to the committee's written

request or inquiry, the interpreter shall so state in the timely response. Such a response shall fully state the nature of any privilege or privacy right asserted. Any non-privileged or non-private information relevant to the committee's request or inquiry shall be included in the response.

5 CSR 100-200.035 Missouri Interpreters Certification System

PURPOSE: This rule describes the Missouri Interpreters Certification System (MICS) examinations and the certifications issued by the MICS.

(1) Any individual who practices interpreting in the state of Missouri as defined in sections 209.285 and 209.321, RSMo, must be certified by the Missouri Interpreters Certification System (MICS), except as allowed by statute.

(2) The Board for Certification of Interpreters (BCI) may purchase or develop materials to be used as the most appropriate testing materials for certifying interpreters in the state of Missouri. The BCI may contract with other certifying agencies to proctor their certification tests and evaluations and is authorized to charge a fee for its proctoring services as established in 5 CSR 100-200.150, in addition to collecting and forwarding the fee charged by the other certifying entity.

(3) The MICS has two (2) basic components: a written test of English proficiency and a performance test. A person is required to obtain a passing score on the written test taken before being allowed to take the performance test.

(4) The performance test is the measurement tool used to analyze the performance skills and determine the applicant's ability to facilitate communication between deaf or hard of hearing people and persons who are

hearing. The MICS performance evaluation standards shall be based upon the testing materials used by Texas Board for Evaluation of Interpreters (BEI).

(5) The types and levels of interpreter certification granted by the MICS are Basic, Advanced, Master, Restricted Certification in Education (K–6), Restricted Certification in Education (7–12), Provisional Certificate in Education, Provisional Certification (aka Learner's Permit), and the Intern/Practicum Certification.

(A) The Provisional Certificate in Education is issued for a term determined by statute.

(B) The Intern/Practicum Certification is issued for a term specified pursuant to 5 CSR 100-200.085.

(C) The Provisional Certification (aka Learner's Permit) is issued for a term determined by section 209.309, RSMo.

(D) All other certifications are permanent, subject to annual renewal.

(6) To obtain a MICS Basic Certification, an applicant must meet the eligibility and application requirements of 20 CSR 100-200.050, pass the written test of English proficiency, and pass the Basic Performance Test.

(7) To obtain a MICS Advanced Certification, an applicant must meet the eligibility and application requirements of 20 CSR 100-200.050, pass the written test of English proficiency, and pass the Advanced Performance Test.

(8) To obtain a MICS Master Certification, an applicant must meet the eligibility and application requirements of 20 CSR 100-200.050, pass the written test of English proficiency, and pass the Master Performance Test.

(9) All MICS certifications except for the Intern/Practicum Certification, the Provisional Certificate in Education, and the Provisional Certification (aka Learner's Permit) are subject to renewal annually pursuant to 5 CSR 100-200.125, provided that the holder commits no violation of any provision of the Revised Statutes of Missouri or the Missouri Code of State Regulations pertaining to interpreter certification or licensure.

(10) Transitional Provisions.

(A) The following MICS certifications issued based on performance tests taken prior to September 30, 2014 have been converted to the certifications established in this rule:

1. Comprehensive to Master;
2. Advanced to Advanced; and
3. Intermediate to Basic.

(B) The conversion of prior MICS certifications pursuant to 5 CSR 100-200.035(10)(A) to the new certification levels does not certify that the holder passed the written test of English proficiency or the corresponding level's performance test. It does not entitle the holder to reciprocity with another BEI certifying

entity.

(C) All other certifications issued prior to the effective date of this rule shall remain in full force and with the same rights, restrictions, and limitations as existed previously. Any person, who takes the written test and the performance evaluation under 5 CSR 100-200.030 prior to the effective date of the rule and earns a Comprehensive, Advanced, or Intermediate certification, shall be issued a Master, Advanced, or Basic, respectively, as set forth in subsection (A) of this section.

5 CSR 100-200.130 Certification Maintenance

PURPOSE: This rule provides information regarding the minimum requirements for certification maintenance in the Missouri Interpreters Certification System.

(1) Annual participation in a continuing education program is required for interpreters certified in the Missouri Interpreters Certification System (MICS). This program involves study and performance options which must have prior approval from the Board for Certification of Interpreters (BCI) and which fulfill the requirements for certification maintenance in the MICS. This program may include seminars, lectures, conferences, workshops, extension study, correspondence courses, teaching, mentorship, self-study, and other options, all of which

must be approved by the BCI and must be related to interpreting.

(A) Program options may provide for evaluation methods to assure satisfactory completion by participants.

(B) The BCI shall ensure that persons responsible for the delivery or content of program options are qualified in the subject matter by education, experience, and expertise.

(C) Presentations or program options offering MICS Continuing Education Units (CEUs) may be approved through any of the following methods:

- 1. All presentations and workshops offered by an Interpreter Training Program (ITP) recognized by the BCI and housed in an accredited institution of higher education will automatically be approved for MICS CEUs;

- 2. All presentations and workshops that give attendees CEUs approved by the Registry of Interpreters for the Deaf (RID) will automatically be approved for MICS CEUs;

- 3. MICS CEUs will be given for undergraduate or graduate studies related to interpreting in any regionally accredited institution of higher education. Satisfactory proof of course completion, as required by the BCI, must be submitted in order for CEUs to be granted. The following hourly equivalents will be used by the BCI in issuing course-related MICS CEUs:

- A. 3 college credit hour course = 45 contact hours;

- B. 2 college credit hour course = 30 contact hours; and

- C. 1 college credit hour course = 15 contact hours.

- 4. The BCI may approve continuing education presentations and program options other than those offered by an ITP or the RID if they meet the following criteria prior to the event:

- A. Application should be submitted not less than thirty (30) days prior to the event. Applications received less than thirty (30) days in advance cannot be guaranteed notification of approval; and

- B. Application to the BCI for approval shall be made on forms developed by the BCI. The application shall require detailed information relating to administration and organization, teaching staff, education content and development, methods of delivery, length of education activities, targeted skill level of interpreters, facilities, and method of evaluation;

- (D) With adequate documentation to the BCI, any interpreter whose primary responsibility is not the education of interpreters who leads, instructs or lectures to groups of interpreters or others on topics related to interpreting in organized continuing education or in-service programs shall be granted MICS CEUs for the time expended during actual presentation. Approval must be requested using procedures outlined in paragraph (1)(C)4 above. MICS CEUs for the same presentation in the same town will be allowed only once

during a year; and

(E) Any interpreter whose responsibility is the education of interpreters shall be granted MICS CEUs only for time expended in leading, instructing, or lecturing to groups of interpreters or others on topics related to interpreting in an organized continuing education or in-service program outside his/her formal responsibilities in a learning institution. Approval must be requested using procedures outlined in paragraph (1)(C)4. above. MICS CEUs for the same presentation in the same town will be allowed only once during a year.

(2) One (1) contact hour earns one-tenth (0.1) MICS CEU, except in the case of mentoring, whether as a mentor or a mentee, where one (1) contact hour earns five-hundredths (0.05) MICS CEU.

(3) An interpreter shall be required to earn two (2.0) CEUs annually for certification maintenance in the MICS, with three-tenths (0.3) specifically focused on Ethics. An interpreter may earn up to one (1.0) MICS CEU per year through mentoring, whether as a mentor or as a mentee. Contact hours earned in another state will be accepted by the BCI provided that the hours acquired can be documented. The twelve- (12-) month period for annually earning CEUs will end ninety (90) days prior to the licensing deadline. This section will become effective for the CEU cycle beginning November 3, 2015 and ending November 2, 2016.

(4) Providers will give evaluation forms to participants to be submitted with final reports.

(5) Proof of completion of continuing education requirements shall be provided by interpreters to the BCI by submitting annually a completed CEU form approved by the BCI, proper documentation, and the CEU processing fee, on or before December 2. Proper documentation shall include one (1) or more of the following:

- (A) Certificate(s) of completion;
- (B) Letter(s) from providers stating date of attendance and program; and
- (C) Transcript(s) (if available).

(6) The BCI will review and verify all MICS CEUs claimed on the CEU forms submitted. After verification, the BCI will notify the State Committee of Interpreters of the number of CEUs interpreters have earned for the year. Failure to submit a CEU form with verifiable MICS CEUs, proper documentation, and the CEU processing fee by the December 2 CEU deadline will result in an interpreter's certification not being renewed, effective December 15. The State Committee of Interpreters will be appropriately notified of the interpreter's failure to renew certification upon the interpreter's failure to meet the December 2 certification renewal paperwork

postmark deadline.

(7) The BCI may elect to audit any interpreter to assess the authenticity and validity of contact hours submitted.

324.008. Nonresident military spouse, temporary courtesy license to be issued upon transfer of active duty military spouse, when — rulemaking authority.

3. Notwithstanding provisions to the contrary, a nonresident military spouse shall receive a temporary courtesy license under subsection 2 of this section if, at the time of application, the nonresident military spouse:

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.

(L. 2011 H.B. 136)

324.009. Licensure reciprocity — definitions — requirements — inapplicability, when.

(2) "Military", the Armed Forces of the United States including the Air Force, Army, Coast Guard, Marine Corps, Navy, Space Force, National Guard and any other military branch that is designated by Congress as part of the Armed Forces of the United States, and all reserve components and auxiliaries. Such term also includes the military reserves and militia of any United States territory or state;

(3) "Nonresident military spouse", a nonresident spouse of an active duty member of the Armed Forces of the United States who has been transferred or is scheduled to be transferred to the state of Missouri, or who has been transferred or is scheduled to be transferred to an adjacent state and is or will be domiciled in the state of Missouri, or has moved to the state of Missouri on a permanent change-of-station basis;

2. Any person who holds a valid current license issued by another state, a branch or unit of the military, a territory of the United States, or the District of Columbia, and who has been licensed for at least one year in such other jurisdiction, may submit an application for a license in Missouri in the same occupation or profession, and at the same practice level, for which he or she holds the current license, along with proof of current licensure and proof of licensure for at least one year in the other jurisdiction, to the relevant oversight body in this state.

3. The oversight body in this state shall:

(1) Within six months of receiving an application described in subsection 2 of this section, waive any examination, educational, or experience requirements for licensure in this state for the applicant if it determines that there were minimum education requirements and, if applicable, work experience and clinical supervision requirements in effect and the other state verifies that the person met those requirements in order to be licensed or certified in that state. An oversight body that administers an examination on laws of this state as part of its licensing application requirement may require an applicant to take and pass an examination specific to the laws of this state; or

(2) Within thirty days of receiving an application described in subsection 2 of this section from a nonresident military spouse or a resident military spouse, waive any examination, educational, or experience requirements for licensure in this state for the applicant and issue such applicant a license under this section if such applicant otherwise meets the requirements of this section.

4. (1) The oversight body shall not waive any examination, educational, or experience requirements for any applicant who has had his or her license revoked by an oversight body outside the state; who is currently under investigation, who has a complaint pending, or who is currently under disciplinary action, except as provided in subdivision (2) of this subsection, with an oversight body outside the state; who does not hold a license in good standing with an oversight body outside the state; who has a criminal record that would disqualify him or her for licensure in Missouri; or who does not hold a valid current license in the other jurisdiction on the date the oversight body receives his or her application under this section.

(2) If another jurisdiction has taken disciplinary action against an applicant, the oversight body shall determine if the cause for the action was corrected and the matter resolved. If the matter has not been resolved by that jurisdiction, the oversight body may deny a license until the matter is resolved.

5. Nothing in this section shall prohibit the oversight body from denying a license to an applicant under this section for any reason described in any section associated with the occupation or profession for which the applicant seeks a license.

6. Any person who is licensed under the provisions of this section shall be subject to the applicable oversight body's jurisdiction and all rules and regulations pertaining to the practice of the licensed occupation or profession in this state.

8. This section shall not apply to business, professional, or occupational licenses issued or required by political subdivisions.
9. The provisions of this section shall not impede an oversight body's authority to require an applicant to submit fingerprints as part of the application process.
10. The provisions of this section shall not apply to an oversight body that has entered into a licensing compact with another state for the regulation of practice under the oversight body's jurisdiction. The provisions of this section shall not be construed to alter the authority granted by, or any requirements promulgated pursuant to, any interjurisdictional or interstate compacts adopted by Missouri statute or any reciprocity agreements with other states in effect on August 28, 2018, and whenever possible this section shall be interpreted so as to imply no conflict between it and any compact, or any reciprocity agreements with other states in effect on August 28, 2018.
11. Notwithstanding any other provision of law, a license issued under this section shall be valid only in this state and shall not make a licensee eligible to be part of an interstate compact. An applicant who is licensed in another state pursuant to an interstate compact shall not be eligible for licensure by an oversight body under the provisions of this section.
12. The provisions of this section shall not apply to any occupation set forth in subsection 6 of section 290.257, or any electrical contractor licensed under sections 324.900 to 324.945.

324.047. Guidelines for regulation of certain occupations and professions — definitions — limitation on state regulation, requirements — reports.

1. The purpose of this section is to promote general welfare by establishing guidelines for the regulation of occupations and professions not regulated prior to January 1, 2019, and guidelines for combining any additional occupations or professions under a single license regulated by the state prior to January 1, 2019.

2. For purposes of this section, the following terms mean:

(1) **“Applicant group”**, any occupational or professional group or organization, any individual, or any other interested party that seeks to be licensed or further regulated or supports any bill that proposes to combine any additional occupations or professions under a single license regulated by the state prior to January 1, 2019;

(2) **“Certification”**, a program in which the government grants nontransferable recognition to an individual who meets personal qualifications established by a regulatory entity. Upon approval, the individual may use “certified” as a designated title. This term shall not be synonymous with an occupational license;

(3) **“Department”**, the department of commerce and insurance;

(4) **“Director”**, the director of the division of professional registration;

(5) **“Division”**, the division of professional registration;

(6) **“General welfare”**, the concern of the government for the health, peace, morality, and safety of its residents;

(7) **“Lawful occupation”**, a course of conduct, pursuit, or profession that includes the sale of goods or services that are not themselves illegal to sell irrespective of whether the individual selling them is subject to an occupational regulation;

(8) **“Least restrictive type of occupational regulation”**, the regulation that is least restrictive, in which the following list of regulations in order from least to most restrictive is used to make such determination:

(a) Bonding or insurance;

(b) Registration;

(c) Certification;

(d) Occupational license;

(9) **“Occupational license”**, a nontransferable authorization in law for an individual to perform a lawful occupation for compensation based on meeting personal qualifications established by a regulatory entity and that, if not possessed, prohibits the individual from performing the occupation for compensation;

(10) **“Occupational regulation”**, a statute, ordinance, rule, practice, policy, or other law requiring an individual to possess certain personal qualifications to work in a lawful occupation;

(11) **“Personal qualifications”**, criteria related to an individual's personal background, including completion of an approved educational program, satisfactory performance on an examination, work experience, criminal history, and completion of continuing education;

(12) "**Practitioner**", an individual who has achieved knowledge and skill by practice and is actively engaged in a specified occupation or profession;

(13) "**Registration**", a requirement established by the general assembly in which an individual:

- (a) Submits notification to a state agency; and
- (b) May use "registered" as a designated title.

Notification may include the individual's name and address, the individual's agent for service of process, the location of the activity to be performed, and a description of the service the individual provides. Registration may include a requirement to post a bond but does not include education or experience requirements. If the requirement of registration is not met, the individual is prohibited from performing the occupation for compensation or using "registered" as a designated title. The term "registration" shall not be synonymous with an occupational license;

(14) "**Regulatory entity**", any board, commission, agency, division, or other unit or subunit of state government that regulates one or more professions, occupations, industries, businesses, or other endeavors in this state;

(15) "**State agency**", every state office, department, board, commission, regulatory entity, and agency of the state. The term "state agency" includes, if provided by law, programs and activities involving less than the full responsibility of a state agency;

(16) "**Substantial burden**", a requirement in an occupational regulation that imposes significant difficulty or cost on an individual seeking to enter into or continue in a lawful occupation and is more than an incidental burden.

3. All individuals may engage in the occupation of their choice, free from unreasonable government regulation. The state shall not impose a substantial burden on an individual's pursuit of his or her occupation or profession unless there is a reasonable interest for the state to protect the general welfare. If such an interest exists, the regulation adopted by the state shall be the least restrictive type of occupational regulation consistent with the public interest to be protected.

4. All bills introduced in the general assembly to regulate, pursuant to subsection 6 of this section, an occupation or profession shall be reviewed according to the following criteria. An occupation or profession shall be regulated by the state if:

(1) Unregulated practice could cause harm and endanger the general welfare, and the potential for further harm and endangerment is recognizable;

(2) The public can reasonably be expected to benefit from an assurance of personal qualifications; and

(3) The general welfare cannot be sufficiently protected by other means.

5. After evaluating the criteria in subdivision (3) of this subsection and considering governmental, economic, and societal costs and benefits, if the general assembly finds that the state has a reasonable interest in regulating, pursuant to subsection 6 of this section, an occupation or profession not previously regulated by law, the most efficient form of regulation shall be implemented, consistent with this section and with the need to protect the general welfare, as follows:

(1) If the threat to the general welfare resulting from the practitioner's services is easily predictable, the regulation shall implement a system of insurance, bonding, or registration;

(2) If the consumer has challenges accessing credentialing information or possesses significantly less information on how to report abuses such that the practitioner puts the consumer in a disadvantageous position relative to the practitioner to judge the quality of the practitioner's services, the regulation shall implement a system of certification; and

(3) If other regulatory structures, such as bonding, insurance, registration, and certification, insufficiently protect the general welfare from recognizable harm, the regulation shall implement a system of licensing.

6. After January 1, 2019, any relevant regulatory entity shall report, and the department shall make available to the general assembly, upon the filing of a bill that proposes additional regulation of a profession or occupation currently regulated by the regulatory entity, the following factors to the department:

(1) A description of the professional or occupational group proposed for expansion of regulation, including the number of individuals or business entities that would be subject to regulation to the extent that such information is available; the names and addresses of associations, organizations, and other groups representing the practitioners; and an estimate of the number of practitioners in each group;

(2) Whether practice of the profession or occupation proposed for expansion of regulation requires such a specialized skill that the public is not qualified to select a competent practitioner without assurances that minimum qualifications have been met;

(3) The nature and extent of potential harm to the public if the profession or occupation is not regulated as described in the bill, the extent to which there is a threat to the general welfare, and production of evidence of potential harm, including a description of any complaints filed with state law enforcement authorities, courts,

departmental agencies, professional or occupational boards, and professional and occupational associations that have been lodged against practitioners of the profession or occupation in this state within the past five years. Notwithstanding the provisions of this section or any other section, the relevant regulatory entity shall provide, and the department shall make available to the general assembly, the information relating to such complaints even if the information is considered a closed record or otherwise confidential; except that, the regulatory entity and the department shall redact names and other personally identifiable information from the information released;

(4) A description of the voluntary efforts made by practitioners of the profession or occupation to protect the public through self-regulation, private certifications, membership in professional or occupational associations, or academic credentials and a statement of why these efforts are inadequate to protect the public;

(5) The extent to which expansion of regulation of the profession or occupation will increase the cost of goods or services provided by practitioners and the overall cost-effectiveness and economic impact of the proposed regulation, including the direct cost to the government and the indirect costs to consumers;

(6) The extent to which expansion of regulation of the profession or occupation would increase or decrease the availability of services to the public;

(7) The extent to which existing legal remedies are inadequate to prevent or redress the kinds of harm potentially resulting from the lack of the requirements outlined in the bill;

(8) Why bonding and insurance, registration, certification, occupational license to practice, or another type of regulation is being proposed, why that regulatory alternative was chosen, and whether the proposed method of regulation is appropriate;

(9) A list of other states that regulate the profession or occupation, the type of regulation, copies of other states' laws, and available evidence from those states of the effect of regulation on the profession or occupation in terms of a before-and-after analysis;

(10) The details of any previous efforts in this state to implement regulation of the profession or occupation;

(11) Whether the proposed requirements for regulation exceed the national industry standards of minimal competence, if such standards exist, and what those standards are if they exist; and

(12) The method proposed to finance the proposed regulation and financial data pertaining to whether the proposed regulation can be reasonably financed by current or proposed licensees through dedicated revenue mechanisms.

7. If no existing regulatory entity regulates the occupation or profession to be regulated in the bill, the department shall report and make available to the general assembly, upon the filing of a bill after January 1, 2019, that proposes new regulation of a profession or occupation, the following factors:

(1) A description of the professional or occupational group proposed for regulation, including the number of individuals or business entities that would be subject to regulation to the extent that such information is available; the names and addresses of associations, organizations, and other groups representing the practitioners; and an estimate of the number of practitioners in each group;

(2) The nature and extent of potential harm to the public if the profession or occupation is not regulated, the extent to which there is a threat to the general welfare, and production of evidence of potential harm, including a description of any complaints filed with state law enforcement authorities, courts, departmental agencies, professional or occupational boards, and professional and occupational associations that have been lodged against practitioners of the profession or occupation in this state within the past five years.
